BRING YOU

Bridge Builders

Equipping people for excellence
in building and strengthening
relationships

▶ Relationship is the bridge that Jesus walks across from one person to another.

Relationships

Do you want to bring out the very best in people, including your family, friends, and co-workers? Would you like to be able to initiate a new relationship at any time or place? Do you want your family to be closer and more supportive of one another?

Most of us believe we are good at building relationships, but why is it that many of us are more concerned about the impression we are making on others than building someone else up? Excellent relational skills are needed in the family, the workplace, and in every ministry of the *ekklesia* (church).

The Bridge Builders Course equips and empowers people to gain excellence in building and strengthening relationships. This practical, powerful, and interactive training gives people tools and skills to be used immediately.

The training environment is fun, encouraging, and interactive. One weekend is a small price to pay for skills that last a lifetime.

The Bridge Builders Course will leave you refreshed, encouraged, and motivated to impact the life of others for Jesus Christ.

▶ “We live in one of the loneliest societies in the history of [humankind].”

David Cummings, former President, Wycliffe Bible Translators
