Full programme at www.ucanz.org.nz

This year we gather in Alexandra, in Central Otago District, a land of extremes. Hot and dry in summer, misty and frosty in winter. Alexandra has the lowest average annual rainfall in New Zealand and is the least windy!

According to the Central Otago website, this region stands for: *vision, being at the cutting edge, setting directions and accepting challenges, inclusive action, harmonious positive communities, freedom of ideas and different thinking.*

*Can we rise to the challenge of being
the Church in the world
– making a difference for Christ's sake?*
